

Robins Grounds Week

Autumn 2018

Our week was all about Nursery Rhymes and Traditional Tales.

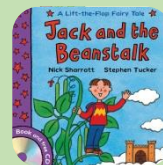

Music in the Woods

We sung some of our favourite nursery rhymes in the woods. We looked at instruments and what sounds they make, such as castanets, chime bar and claves. We looked for natural objects that we thought we could use to make a similar sound. We found sticks, bricks and leaves to turn into

Jack and the Beanstalk

We had a go at planting our own magic beans.

We had to learn what plants needed to grow and how we needed to take care of them.

We had a lot of fun making a castle in the sky for our beanstalks to grow to, to decorate our plant pots.

Humpty Dumpty Experiment

We carried out an experiment to see what materials would save Humpty Dumpty when he fell.

We thought about what materials we could find outside to test. We discussed which ones we thought would work and put faces on our Humptys to show our predictions. The children gathered their materials and put them in the bag with Humpty. We sang the nursery rhyme and Humpty Dumpty fell from the wall. We then discussed our findings and if our predictions were right.
