

# GROUNDS WEEK 2018 - MUSIC IN THE WOODS

Just one of several classes who enjoyed music outside during our Grounds Week!

During Grounds Week children were able to enjoy our new music area outside in the school grounds. They had fun exploring all the different instruments and their sounds and created music reflecting the beautiful sounds of nature.

Judging by the smiles on the children's faces, we will certainly be using this area moreso in the near future, as part of our music lessons!
